DETAILED ACTION

Allowable Subject Matter

1. Claims 7-11 allowed. Please note that in the applicant's remarks, it is stated that claims 7-12 are pending. However, in the claims, claims 12-19 have been cancelled. Therefore, only claims 7-11 are allowed. This appears to be a typographical error in the claim listing.

2. The following is an examiner's statement of reasons for allowance:

None of the prior art teaches or renders obvious the limitations of the independent claim. References such as the patents to Ubowski (USPN 6,618,758) and Perlman (USPN 6,237,039) teach the download of portions of a network object based at least partially on the operating state of a client. However, none of the prior art teaches or renders obvious the use of a software delegate residing on the client for downloading portions of a network object, the size of the portions being based solely on the operating state of the client and wherein this software delegate is downloaded by the client from the same server that provides the network object.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
